

Horizon Ballade Exaltyca

I see the light in your eyes is shining through.

Oh, could you believe I'm so into you,

Oh darlin, oh darlin.

See it through your eyes.

come back to me little darlin

come back

If you see I'm down for you darlin

If you see I'm calling you night and day

If you see I'm down for you, babe.

I will take all the time for you need for it.

Oh, could you believe?

I'm so into it

Oh darlin, little darlin!

And the light will rise.

Come back to me little darlin

Come back

If you see I'm down for you darling

If you see I'm calling you night and day

If you see I'm down for you babe

Come back to me little darlin!

Come back to me

See I'm down for you darlin

Can't you see I'm calling you night and day

Can't you see I'm down for you babe
